	<i>Spanish (AH)</i> <i>RMPS (AH)</i>		

All courses are offered at Scottish Credit Qualifications Framework (SCQF) level 5, 6 & 7 unless specifically detailed, for example; Refereeing (L7), refers to this course only being offered at SCQF Level 7. Once you have made a decision on all your options you can complete the online form—the link will be available via guidance.

In this section list the current courses you are studying in S4 or S5. Having these course listed will support the conversations you will have with your Principal Teacher of Guidance, tutor and subject teachers on the best possible pathway for study next session. In the circle alongside each course list the level you are on track to achieve by the end of study this session.

Five horizontal rounded rectangular boxes for listing current courses, each with a small circle at the right end for indicating the achievement level.

**Reserve choices**

Two horizontal rounded rectangular boxes for listing reserve choices, each with a small circle at the right end for indicating the achievement level.

**I am currently studying and on track to achieve,**

In this section list the subjects and levels you wish to continue studying in S5 or S6. Each option must be signed off by the subject PT.

We encourage you to continue to study subject areas you are currently studying. This encourages ambition and prepares you best for your next steps after Perth Grammar School. Where you wish to consider a different pathway you must discuss this with your Principal Teacher of Guidance.

In S5 you must aim to study a minimum of 3 Highers in subjects you are currently studying. All 5 of your choices should be a continuation of learning from S4. Where new pathways are required these should be discussed with your PTG in advance of completing the online form.

In S6 you must aim to study at least 1 Advanced Higher with the remaining options at a minimum of Higher level.

This hardcopy of your choices must be completed with a subject PT signature. You will retain this form until fully completed and at which point you will hand it in to your guidance teacher during your 1 to 1 meeting.

**I would like to continue study in,**

Five horizontal rounded rectangular boxes for listing subjects to continue, each with a small circle at the right end for indicating the achievement level.
